Please explain: _____ Continued on back.

As a Liberty gas customer, you have rights and responsibilities, as provided for in the NYS Department of Public Service (DPS) rules and the Home Energy Fair Practices Act (HEFPA). This communication summarizes them. Please keep the bottom portion of this sheet as a handy reference.

In case of a gas leak or other emergency call us anytime at 1-800-673-3301.

Questions, Problems, and Appeals

Contact us as soon as possible if you have any complaints, questions, or problems with your gas service. You may reach us Monday through Friday from 8:00 a.m. to 4:30 p.m. toll free at 1-800-454-2201, or by mail at P.O. Box 270, Massena, NY 13662, or in person at 33 Stearns St., Massena, NY, or visit us online at www.libertyenergyandwater.com.

If you are still not satisfied after speaking with us, you may ask the DPS to review your dispute by contacting them online at www.dps.ny.gov/complaints, or by calling their toll free HELPLINE: (800) 342-3377 8:30 a.m. to 4:00 p.m. on business days. You may also write to them at: Consumer Services Division, Department of Public Service, Three Empire State Plaza, Albany, NY 12223-1350.

The DPS also has an emergency HOTLINE (800) 342-3355 for residential customers for matters concerning the turn-on or turn-off of gas service. It is staffed every business day from 7:30 a.m. to 7:30 p.m. You may also contact the DPS online at www.dps.ny.gov.

Billing

When to pay - Bills are due and payable when received. A payment is considered overdue 23 days after the bill is mailed to you (about 24 days after the billing date printed on the bill). If you pay after that you may also have to pay a late payment charge.

Where to pay - Payments can be made by mail to Liberty-NH, 75 Remittance Drive, Suite 1032, Chicago IL 60675-1032; at our business office at 33 Stearns St., Massena, NY during regular business hours, Monday through Friday from 8:00 a.m. to 4:30 p.m.; or visit our website at www.libertyenergyandwater.com for drop box locations, authorized payment agencies where you can pay in person, or to pay online by credit/debit card or electronic check; or by using our automated telephone system by dialing 1-800-454-2201, option #2.

Billing Accuracy - We do everything we can to bill your account accurately. Your meter will be read every other month throughout the year. Your bill will be estimated on the alternate months. On the days your meter is scheduled to be estimated, you may read your meter and call us at 1-800-454-2201 or visit our website at www.libertyenergyandwater.com. If after eight straight months we are unable to obtain an actual meter reading, and you or the person controlling access to the meter fails to make and keep an appointment with us to read the meter, you may be subject to a charge up to \$100.00.

Shared Meter - When a tenant's gas meter also registers utility service used outside the tenant's dwelling, the tenant is not required to pay the charges for the service and the tenant's landlord must become the utility's customer. This is the law in New York State. Call us at 1-800-454-2201 if you suspect that you have a Shared Meter.

Deposit Policy

If we do require a deposit, the amount is based on two times the average monthly bill. If you are a gas heating customer it is based on two times the average monthly bill during the heating season. We require a deposit for all New Commercial Customers as well as Short-Term or Seasonal Residential Customers. If you are a current Liberty Utilities gas customer, or a former customer applying for a new account within 60 days of closing a previous account, we will not ask you to pay a deposit unless: 1.) you have accumulated two consecutive months of overdue payments, AND have not paid one half of the amount due or 2.) we have turned off your service for non-payment within the last six months, or 3.) you have filed bankruptcy. If you are a public assistance recipient we cannot require you to pay a deposit.

Landlord Problems

If you live in an apartment building or a two-family house AND your landlord fails to pay the gas bills for the building, you may be able to have the service kept on by joining with the other tenants to pay the bill.

(continued from the front)

I receive: Public Assistance Supplemental Security Income Other Assistance (specify) _____

I live in an apartment building or a two family home, but I do not have my own Liberty Utilities account. Yes No

I use Natural Gas for Forced Air Heating System Boiler Space Heater Unit Heater Hot Water Heater
 Stove Dryer Fireplace Insert Pool Heater Other _____

Balanced (Budget) Billing - A Budget Plan is available to spread your gas charges evenly over a 12-month period.

Please enroll me in the Balanced (Budget) Billing Plan. (Call us for details.)

Third Party Notification - All residential customers are permitted to choose a third party to receive all notifications relating to termination of gas service. Your "third-party" must read, fill out, sign, date, and return the section below to us.

Third-Party Program

Deferred Payment Agreement

If you have a financial problem that prevents you from paying your bills, we will work with you to establish a deferred payment agreement. The agreement must be fair and take into account your financial circumstances. Larger commercial customers are not eligible for deferred payment plans.

Final Termination Notice, Service Turn-Off & Turn-On Procedures, Special Protections

If you fail to pay overdue bills, we may turn off your service only after we have given the required notice and offered you one deferred payment arrangement for the past due amount. Before we can turn off service for an overdue bill or deposit, we must send you a Final Termination Notice. Final Termination may occur 15 days after if you are a residential customer and 8 days after if you are a commercial customer.

If you qualify, we will offer you a deferred payment agreement at least seven days (ten if mailed) before the turn-off. If you sign the agreement, we cannot turn off service as long as payments are made as agreed.

Your service will not be turned off if you qualify for the special protection described in the section "Hardship Procedures" below. Again, for a more detailed copy of these rules, please call our office at 1-800-454-2201.

Reconnection of Service

If we turn off your service, we will reconnect it within 24 hours:

- 1.) after you have paid the amount due or, if eligible, signed a deferred payment agreement and paid the down payment; or
- 2.) when the DPS directs us to reconnect service; or
- 3.) when you face a serious threat to health or safety

We have the right to charge a fee up to \$64.00 to turn service back on during normal work hours (9 a.m. to 4 p.m., Monday-Friday); or \$96.00 outside those hours and days.

Hardship Procedures

In accordance with DPS rules, we will continue gas heat-related service if a person's health or safety is threatened by the lack of heat. We will also refer health or safety problems to the Department of Social Services. In the following hardship case we will NOT turn off service:

Medical Hardship

If you or a family member is seriously ill, has a medical condition or uses a life support device, we can help you. If you file a medical certificate with us from your doctor or local board of health, we will continue your service for 30 days. We will not shut off your service during the emergency, but you are still responsible for your bills. **IMPORTANT:** If you need natural gas utility service to operate a life supporting device, the certificate will remain in effect as long as the device is needed.

Elderly, Blind, or Disabled

If you are 62 years of age or older, blind, or disabled, and ALL those living with you are elderly, blind, disabled, or under the age of 18 we will make special attempts to maintain your utility service. We will contact you by phone or in person at least 72 hours before turn-off is scheduled to try to work out a fair payment plan.

Cold Weather Protection (November 1st to the following April 15th)

If you pay the utility directly for your heat we cannot turn-off your service until we have tried to determine if a serious problem with health or safety would result because of the service turn-off. We will try to contact you by telephone or in person at least 72 hours before turn-off is scheduled.
